Item No. 12 Ratification of Festival coordinator, Marketing Coordinator and Finance Coordinator for Antaragni 2005

There was a concern raised by Senator Tony Jacob regarding different procedures being followed for UDGOSH and Antaragni Coordinator's selection. It was clarified by the Convener that different procedures were followed for the reason that the work of Antaragni needed to start at the earliest and the Senate was to meet at a much later date. He also clarified that as such there is no set procedure and that in the spirit of the request by the Cultural Secretary he had held the interviews earlier. The Convener had taken a decision to follow the tradition set as to the selection committee which consisted of the past years' office bearers and also clarified that the selection was open door to all the senators and those who wished to view the proceedings were welcome. The Senate accepted the view of the Convener and the following names were ratified:
Festival coordinator: Abhijit Bagri
Finance Coordinator: Vivek Joshi
Marketing Coordinator: Abhinav Goel

Item No. 13 Ratification of the names of the placement secretaries appointed by the nominations Committee for the students' placement council

A point of objection was raised by some senators that the name of the proposed Placement Secretary was not posted on the Hall Notice boards 24 hrs prior to the Senate meeting.

Cultural Secretary Vipin Pathak raised a concern about the credibility of the selection committee. He was asked by the Convener to substantiate his statement by facts and data as he felt that raising a finger on the committee could not be allowed without proper justification. Since justification could not be provided by the Cultural Secretary, he was asked to tender an apology. The Cultural Secretary apologized on the floor of the senate for his statement.

The item was none the less deferred to the next senate meeting for ratification on the grounds of non compliance of the procedures set w.r.t keeping the general body informed.

Item No. 14 Questions and Remarks:

No questions were asked.

Senator Tony Jacob made a point of remark that General Secretary's should not leave the meeting till their agenda item was discussed in length. This was since he had some questions for Games Secretary Harendra Varma who had left the meeting with the permission of the chair. The Convener clarified that Harendra Varma was allowed to leave as he had a mid sem exam the next day and he had to give him some consideration.

Item No. 15 Any other item with the permission of the chair

S&T Secretary Varun Garg presented before the Senate the proposal of appointing a Convener for each club who will primarily look after the club equipments during the transition period when charge handover takes place. This he said would prevent the loss of items from the clubs (which majority of times occurs during this period). The senate passed the proposal after proper discussion on the role and activities of the convener on an experiment basis and would re-look into the club convener's role and position if no improvement was observed in the maintenance of the equipments.

The Convener thanked the Hall 2 HMC and in particular Mr. Mridul Barsaiyan and the Hall 2 senators for helping him in the arrangement and smooth conduction of the meeting which was well attended by at least 30-40 GBMs from Hall 2. (Usually not more than 5 GBMs attend the meeting) These efforts he said are to increase the awareness and involvement from the General Body Members.

At this point the meeting was adjourned.

The meeting concluded at 1.20 a.m.

18th April 2005

To:

The Director
IIT Kanpur

Dear Sir,

Subject: Resolution adopted by the Student's Senate on the proposed Library Extension

The following resolution was adopted by the Student's Senate on the proposed Library Extension at the second meeting of the Student's Senate held on the 8th of April 2005.

"Though additional space is certainly desirable, there is a strong need to reclaim a lot of space in the existing building. A deferred construction will provide us an opportunity to take into account any technological improvement in e-book reading in future.

The Student's Senate feels that the old books should be safely preserved and put into an archive as no e-book reading can replace the flavor of reading an actual book. It appreciates the recent de-loading effort by the Library authorities in transferring the bound periodicals from the top floor to the basement and would support any effort to make the current library more structurally reinforced and earthquake resistant.

The Students are also concerned about the decreasing green cover in the institute due to the many new buildings, paths and cycle stands that have come up in the recent past. While the development activities are definitely appreciated and considered necessary for the institute to grow, the student body feels that such things should be done in harmony with nature.

In Conclusion, The Student body would prefer to wait and see if digitization, compact shelving and weeding would solve the space crunch and hope that the plan of the extension building be reevaluated in its existing proposed form."

Regards,

Yashodhan Shevade
Convener, Student's Senate
